BRIDGE MOVEMENTS RECEIVING ATTENTION AT VALLEY POINTS

Private Capital to be Used at Donora if Project is Favorably Regarded

COMMITTEE WORKING LOCALLY

With might and main a project is being pushed at Donora for the erection of a bridge to connect that borough and Monessen, the movement being brought to some sort of a hearing on Tuesday evening when a meeting of 32 business men of the down river steel town was held for the consideration of the matter. The project is to be regarded in the nature of a private enterprise, with Donora taking its chances on the future in getting the bridge freed. Monessen people are being broached by representatives from Donora in regard to the matter. In the meantime boosters of a local movement are making efforts again toward the freeing of the Charleroi-Monessen bridge, this movement having many enthusiastic backers.

Private capital to the total amount of close to \$25,000 has been subscribed for the proposed bridge at Donora. Fifty per cent of the cost in stock would be subscribed, it is understood by a corporation, though not of Donora. It is presumed that a bridge of the sort Donora desires at the present time would cost \$300,000. This is slightly higher than the cost of the one built a few years ago at Monongahela, it costing \$247,000.

Though the matter has not yet been brought to a head there is a gentle hint that the Donora bridge project may be converted into a street car loop to traverse the entire vicinity. This may be gone into deeper. The officers of the Donora committee are: President, James P. Castner; secretary, George W. Allen, and treasurer, Grover W. Boyd.

There has been little change in the local bridge movement. Sentiment favorable to freeing the Monessen-Charleroi structure is being worked up in both counties.

UNIONTOWN SCENE OF COUNCILMANIC FUSS

The center of financial troubles for a year or more back, Uniontown Tuesday became the scene of a fight between the mayor and a member of the city council, the outcome of which is doubtful.

Mayor George H. Bailly requested Councilman J. Arthur Strickler to tender his resignation as a member of the council, alleging improper action while in office. Councilman Strickler in a roundabout way hinted that it might be wise for Mayor Bailly to stick to his job as mayor and leave.

Mayor Bailly accuses Strickler of having William McDonald appointed to the position of janitor at the municipal building using undue influence. McDonald got into trouble and was forced to quit soon after appointment. The fighting mayor alleged that the position was given to a janitor because of rent he owed Councilman Strickler. The councilman declines to resign. It is possible that mandamus action may be instituted against him.

NEW PLAN EFFECTIVE AT COYLE THEATRE

Manager Coyle to Run Shows Continuously From 1 O'Clock Until 11—Is New Departure in Show Business in Charleroi.

Manager R. S. Coyle at the Coyle theatre is instituting a new movement in the conduct of his theatre here in the way of a changed schedule of shows to meet with what he believes will prove a popular demand. His plan is simply to have no stop between the afternoon and evening shows but to run through continually from the afternoon beginning at 1 o'clock until 11 at night, the closing hour. The change is to be effective the coming Saturday. Manager Coyle has found that many have been unable to see the afternoon or evening shows who still would be able to attend the show between times, and it is in honor of these that the new arrangement is being put into effect.

Today at the Coyle, Manager Coyle is producing "Her Debt of Honor," a stirring drama of modern life, featuring Valli Valli and a Broadway cast. Tomorrow he will present, "The Tongues of Men."

CHARLEROI ODD FELLOWS CONFER SECOND DEGREE AT BENTLEYVILLE

Under the captaincy of Ward H. Hendershot the degree team of Charleroi lodge, No. 1030, I. O. O. F., went to Bentleyville Tuesday night to confer the second degree. Accompanying the team were a number of Odd Fellows. After the business session of the Bentleyville lodge and the exemplification of the degree a brief social meeting was held during which time a number of talks were made by different ones. An oyster supper in compliment to the visitors concluded the events of the evening.

OBSERVE HOLIDAY WITHOUT ASKING IF SUCH IS PROPER

Observing a holiday without first going to the trouble of ascertaining if the holiday was observable generally in school affairs resulted in 15 pupils of Douglass Business college being refused admittance to school this morning. All were sent home to their parents until such time that their parents could make their appearance at the school to fix up matters. It appears the young folk took a notion Washington's Birthday should be universally regarded as a holiday and did their best to make it so, contrary to the wishes of the managers of the school.

INFORMATION IS SENT TO VOTERS

State Republican Chairman Communicates With County Republican Chairman

INSTRUCTIONS ARE GIVEN

Republican County Chairman Joseph T. Hemphill has received from State Chairman W. E. Crow at Harrisburg information for voters prepared by George D. Thorn, chief clerk of the department, relating to the coming primary election on May 16 and the general election on November 7.

The chairman of the state committee, Mr. Crow, in a letter to Chairman Hemphill, calls particular attention to the time for party enrollment, suggestion that there are perhaps many voters formerly affiliated with the Republican party who united with other parties and who desire to again participate in the primaries of the Republican party in May.

In boroughs and townships the registration and enrollment days are March 15 and 16. In other words all those who desire to change their enrollment to participate in the spring primaries must give notice to the registry assessor at least sixty days before the primary date. Any qualified voter may enroll as a member of any party which has secured the exclusive use of a party name, for the ensuing primary. A voter not enrolled according to his party preference and affiliation shall not be entitled to vote a party ballot at the primary, but he may vote the non-partisan ballot.

Information is also furnished to the numbers of signers required on the petitions of candidates, for congress, 200; for assembly, 100; for state committee, 100; for delegate to the national convention, 200. For party offices 19 qualified electors; the petitions must be filed with the

County Men Meet at Washington and Formulate Protest to Department

LUELLEN NAMED PRESIDENT

The present rural mail route system in Washington county was severely criticised Tuesday at the annual meeting of the Washington County Rural Carriers' association, held in the Washington postoffice. A resolution was passed by the carriers to be presented to the Hon. Henry W. Temple, congressman from the Twenty-fourth congressional district, revealing the conditions prevailing in the rural route system and urging a change to be made at the earliest possible date.

The rural carriers carried on a heated discussion over the matter of the system and short remarks by many showed that some of them were working 16 hours each day and traveling a distance of 28 and 30 miles under the new system. The carriers are required to register at the offices over the county sort their mail from three and four routes and then cover unreasonable distances resulting in their working far overtime. Complaints have come in from the patrons on the routes to the effect that they do not receive their mail the same day it is sent but this is no fault of the carriers and the only remedy for this is a change in the present system.

The resolution asked for a change to 24 miles each day and to cover 250 patrons at the maximum. Both patrons and carriers are very much worried up over the state of affairs and are very desirous of having the change made immediately.

During the business session held the following officers were elected for the coming year: President Charles Luellen, Beallsville; vice president, Homer Wallace of Daisytown; secretary, V. A. Nangle of Washington, and treasurer, W. A. Jones of Eighty-Four. V. A. Nangle of Washington; Wallace Ritchie of Washington and J. B. Luellen of Amity were three new members received into the association. The executive committee chosen consists of W. E. Courson of Washington; G. S. Crum of Conowing and A. M. Caldwell of Finleyville.

THE CENSORS REPORT

In the annual report of the State Board of Moving Picture Censors, which Mrs. E. C. Naver of Charle-
roi is the vice chairman, movie men-
drama and movie comedy are in for
some hard rap, and incidentally the
board makes a vigorous defense of
censorship in general as advantageous
not only to the Commonwealth but to
the moving picture industry as well.
The board announces in unequivocal
language its determination to stand
pat on the lines it has already taken
in condemning and censoring film.
Six sharp harpoons are hurled into
moving picture shows in the report, as
follows:

NO. 1—Seventy-five per cent am-
melodrama and twenty per cent are
comedies for the most part of the
coarseness unknown in the history of
the American theatre.

NO. 2—Women are betrayed; men
and women murder other men and
women or kill themselves; fight fol-
lows fight.

NO. 3—Lust, hate, vengeance and
every variety of villainy are portray-
ed.

NO. 4—The time consumed in rolling
cigarettes and smoking them; in
drinking cocktails and high balls; in
standing at bars and sitting in cafes—
is out of all proportion to anything
known in real life.

NO. 5—Leading comedy pictures de-
pend for their popularity on throw-
ing pies and eggs in the faces of men
and women.

NO. 6—No valid excuse in the name
of drama or art can be offered for
many of the pictures now sent out
over the country.

In concluding the report the board
says:

"The law of Pennsylvania govern-
ing picture censorship would be mat-
terially strengthened if the board
were given the power to confiscate a
film shown within the State without
authority as by provision of ordin-
ances in the city of Portland, Ore-
gon and other cities. Such an amen-
ment would in the opinion of this
board be beneficial to the service."

The board knows what it is about
In six months' time it has examined
11,148 reels of moving pictures and
re-examined 717. When it is noted
that 65 films were totally condem-
ned and 6,540 objectionable scenes
ordered eliminated, some idea of the
work the board faces can be formed.

No comment is necessary; the re-
port shows what is being done. But
it is to the everlasting credit of the
board that its efforts have been such
as to purge the state of conditions
which would as it remarks in its re-
port have been detrimental not only
to the people of the Commonwealth
but to the moving picture industry as
well. This any student of affairs ap-
preciates.

COUNTY ASSOCIATION PLEASED

WITH OUTLOOK IN ATHLETICS

Members of the committee in
charge of the formation of the Wash-
ington County Interscholastic Ath-
letic association are feeling optima-
stic regarding the movement as a re-
sult of the keen interest that is being
displayed by the high schools of the
county in adopting the constitution and
by-laws presented to them for ratifi-
cation.

Schools enrolled in class No. 1,
those having an enrollment of 100 or
more students are especially pleas-
ed with the proposed county associa-
tion and every one of these will be
charter members, all but one having
been heard from and giving assur-
ances that their ratification would be
in by March 1.

All realize the advantages that will
be derived if there is a body to gov-
ern competition between the athlet-
ic teams of the various schools and
not a dissenting voice has been raised
against the proposed association.

The third annual track and field
meet of high schools of Washington
county will be held at College Field
on May 6, according to present plans.

RUN DOWN BY AUTO

THEY CLAIM \$10 000

Samuel Pasquizzi and Tresa Pas-
quizzi, his wife, of Westland, have
filed a suit against L. L. Combs, in
which the claim \$10,000 on behalf of
Mrs. Pasquizzi and \$1,000 on behalf
of Mr. Pasquizzi. The action is based
on injuries received by the wife when
she was run down by an automobile
belonging to the defendant on June
28, 1915.

The accident occurred near the vil-
lage of Westland. At the time Mrs.
Pasquizzi was passing along the road
from Houston to Westland, which
road is much traveled by pedestrians
and this fact, it is averred, was known
by the defendant. It is claimed that
notwithstanding this fact the defend-
ant drove his car along this road in a
reckless and careless manner, run-
ning into the plaintiff, Mrs. Pas-
quizzi. She was knocked down and
severely injured, it is claimed.

It is further claimed that at the
time Mrs. Pasquizzi was about to be-
come a mother and as a result of
the accident gave birth to a child a
few hours later, this child being
dead. Following this, it is further
claimed, she was compelled to go to
the hospital and there undergo a ser-
ious operation. It is averred that
since that time her health has been
impaired and she has not been able
to perform her usual duties about
her home. The husband says he laid
out large sums for medical attention
given his wife.

A Distinctive Reason

What is the chief reason for the superiority of Royal Baking Powder?

There are several good reasons, but there is one which distinguishes Royal from other baking powders.

This reason, which every woman should know, is that **Royal Baking Powder** is made from cream of tartar, which comes from grapes. This means a healthful fruit origin. It means natural food as distinguished from mineral substitutes used in other baking powders.

There is no alum nor phosphate in Royal Baking Powder.

WHY WOMEN WRITE LETTERS

To Lydia E. Pinkham Medicine Co.

Women who are well often ask "Are the letters which the Lydia E. Pinkham Medicine Co. are continually publishing, genuine?" "Are they truthful?" "Why do women write such letters?"

In answer we say that never have we published a fictitious letter or name. Never, knowingly, have we published an untruthful letter, or one without the full and written consent of the woman who wrote it.

The reason that thousands of women from all parts of the country write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives, once burdened with pain and suffering.

It has relieved women from some of the worst forms of female ill, from displacements, irregularities, weakness, stomach troubles, etc., etc.

It is impossible for a woman who is well and happy to realize how these poor, suffering women feel when restored to health; their keen desire to help other women who are suffering as they did.

DIAMOND SCHEME

ings and felt slightly flattered by the man's friendly overtures.

They were in the midst of a discussion as to available sites Friday when a shabby faced stranger, small of stature, and poorly clothed, entered the store. The Greensburg visitor frowned as the newcomer told his story. For pure hard luck it had the misfortunes of Ford's peace party in Europe whipped to a frazzle. Buffalo, N. Y., was the destination of this man where a wife and two hungry tots awaited his homecoming. He was determined to go and would get there at any sacrifice, even though he did not have a cent—but wait. He did have some valuables. And forthwith he extracted the jewels.

Whereupon Greensburg took a sudden interest in the proceedings. Uttering a cry of surprise he seized the gems with trembling fingers and demanded to know where such rare articles came from.

"Worth every bit of \$600," said the Greensburger admiringly.

"I wouldn't part with them for the world," retorted the Buffaloian, "but the babies need the money."

Kronick swears the man let fall a real tear at this juncture.

"All I want is to pawn the jewels and when I get to Buffalo why I'll redeem them."

"I'll pawn them," eagerly declared the Greensburger, and he dug a roll from his jeans amounting to \$80. "That's not enough," dubiously was the reply.

And here's where Kronick entered the proceedings.

Could he advance \$60 and hold the earrings in joint possession with the Greensburger in pawn. Of course if the Buffalo chap failed to make good in 30 days the \$600 jewels fell into

their possession.

Who would take a chance to make 250 per cent? Kronick hurried down to the bank, drew \$60 and passed it over without a murmur.

"Here, you keep the jewels until I come back," said the Greensburger.

Together the two men left the store. Yesterday when Kronick failed to hear further from his partner in the transaction a strange suspicion flashed across his mind.

Hurriedly closing his store he went to a Broadway jeweler.

"How much are these diamonds worth?" asked Kronick.

"That paste is worth fifty cents with the settings" was the reply.

Gasping for breath Kronick stumbled back to the store firm in the belief that experience in this world of crooks and thieves is a matter to be reckoned in the debt and credit journal.

Camel

Cigarettes

are wide-open for comparison with any cigarette at any price! Most sensitive smokers appreciate the pleasure Camel quality offers. They prefer it to premiums or coupons! Freedom from tongue-bite and throat-parch is as welcome as is the absence of any unpleasant cigarette after-taste!

Camels are blended choice Turkish and choice Domestic tobaccos; you'll prefer their new flavor and mild-smoothness to either kind of tobacco smoked straight! That desirable, satisfying "body" is all there—without any come-back! No matter how many you smoke!

Camels are sold everywhere in scientifically sealed packages, 20 for 10c, or ten packages (200 cigarettes) in a glassine-wrapped carton for \$1.00. We strongly recommend this carton for the home or office supply or when you travel.

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

The stamp placed over and seals the package, which keeps out air, thereby preserving the quality of the blended tobaccos. By inserting the fingers as illustrated, the stamp easily breaks without tearing the tin foil, which folds back into its place.
